## **PRESS RELEASE**

### **Donation of 3 complete intensive care unit configurations For the fight against Codiv-19.**

**Athens, April 13, 2020** - Recognizing the incalculable contribution of the medical and nursing staff of our country towards the society as a whole in the midst of the COVID-19 pandemic, as well as the need for immediate expansion of the health care system, the Hellenic Financial Stability Fund, in accordance with the Ministry of Finance, participates actively in the national effort to deal with the crisis, caused by the pandemic of coronavirus, and to protect the health of citizens.

For this purpose, three modern, fully equipped Intensive Care Units (ICUs) are immediately offered, including beds, respirators, equal number of monitors and other equipment, to strengthen the National Health System. The use of the equipment will be coordinated by the Ministry of Health, depending on the needs of the Greek hospitals throughout the country.

Experiencing this unprecedented situation, the Hellenic Financial Stability Fund with a spirit of optimism and solidarity, proceeds to the above mentioned contribution for the human struggle waged by all today, emphasizing on the importance of overcoming this crisis at the lowest possible cost to our society.

**Andreas Verykios, President of the Hellenic Financial Stability Fund**, noted: *"During these challenging times, we are closely monitoring developments as COVID-19 continues to spread globally. With a strong sense of responsibility, we stand together with the Greek state in this effort to keep our country upright and strong. With the contribution of all of us, we have the belief that our society will cope as quickly as possible with the difficulties of the current situation."*
