Independent Auditors' Report on Review of Condensed Interim Financial Information (Translated from the original in Greek)

To the Board of Directors of the Hellenic Financial Stability Fund Private Legal Entity

Introduction

We have reviewed the accompanying interim condensed Statement of Financial Position of Hellenic Financial Stability Fund, Private Legal Entity as at 30 June 2022 and the related condensed Statements of Comprehensive Income, Changes in Equity and Cash Flows for the six-month period then ended and the selected explanatory notes, which comprise the condensed interim financial information. Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with the International Financial Reporting Standards adopted by the European Union and specifically with International Accounting Standard (IAS) 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements (ISRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as incorporated in Greek Law, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information as at 30 June 2022 is not prepared, in all material respects, in accordance with IAS 34 "Interim Financial Reporting".

NOTES TO
THE INTERIM
CONDENSED FINANCIAL
STATEMENTS

Note 1 | General Information

The Hellenic Financial Stability Fund (hereinafter “the Fund” or “HFSF”) was founded on 21/07/2010 under Law 3864/2010 as a private legal entity and does not belong to the public sector, neither to the broader public sector. It has administrative and financial autonomy, operates exclusively under the rules of the private economy and is governed by the provisions of the founding law as in force. On a supplementary basis, the provisions of company Law 4548/2018 are applied as in force, provided they are not contrary to the provisions and the objectives of the founding law of the Fund. The purely private nature of the Fund is neither affected by the fact that its entire capital is subscribed solely by the Greek State, nor by the issuance of the required decisions by the Minister of Finance. According to Law 4389/2016, HFSF is a direct subsidiary of the Hellenic Company of Assets and Participations (“HCAP”), however the administrative autonomy and independence of the HFSF is not affected according to the provisions of the Law 4389/2016 and for this reason the Fund is not consolidated in the HCAP’s Financial Statements. The Fund shall comply with the obligations arising from the Master Financial Facility Agreement (hereinafter MFafa) signed on 15/03/2012 and the Fafa signed on 19/08/2015. According to Law 4941/2022, the Fund’s tenure has been extended up to 31/12/2025.

According to the HFSF Law as amended and currently in force, the purpose of the Fund is (a) to contribute to the maintenance of the stability of the Greek banking system, for the sake of public interest and (b) the effective disposal of shares or other financial instruments held by credit institutions, which is based on a divestment strategy with a specific time horizon of definite and full implementation, which is determined in accordance with Article 8 of HFSF Law, and in principle does not extend beyond the Fund’s termination. HFSF exercises its shareholding rights deriving from its participation in the credit institutions to which capital support is provided by the Fund, in compliance with the rules of prudent management of the assets of the Fund and in line with the rules of the European Union with respect to State aid and competition.

As of the date of the issuance of the Fund’s interim condensed financial statements for the six-month period ended 30 June 2022, the Board of Directors comprised of the following members:

Board of Directors	Position
Andreas Verykios	Independent Non-Executive Member / Chairman
Ilias E. Xirouhakis	Executive Member / Chief Executive Officer
Nikolaos Valantasis	Executive Member / Deputy Chief Executive Officer
Fotis Kourmousis	Executive Member
Christof Gabriel Maetze	Independent Non-Executive Member
Konstantinos Tsatsaronis	Independent Non-Executive Member
Marco Giovanni Mazzucchelli	Independent Non-Executive Member
Panagiotis Tridimas	Non-Executive Member, Representative of the MoF
Vassilios Spiliotopoulos	Non-Executive Member, Representative of the BoG

The interim financial statements were approved by the Fund’s Board of Directors on 16 January 2023.

Note 2 | Summary of Significant Accounting Policies

2.1 Basis of preparation

The interim condensed financial statements of the Fund for the six-month period ended 30/06/2022 (the “interim financial statements”) have been prepared in accordance with the International Financial Reporting Standard 34 “Interim Financial Reporting”, as endorsed by the EU. These interim financial statements include selected explanatory notes and do not include all the information required for annual financial statements. Therefore, the interim financial statements should be read in conjunction with the annual financial statements for the year ended 31/12/2021, which have been prepared in accordance with the International Financial Reporting Standards (“IFRSs”) as endorsed by the EU.

The accounting policies adopted are consistent with those of the previous financial year and the corresponding interim period, except for the adoption of new and amended standards as set out in Note 2.2 below.

The amounts are presented in thousand Euro rounded to the whole, unless otherwise stated (i.e., “bn” stands for billion, “m” stands for million).

2.2 Adoption of International Financial Reporting Standards (IFRS)

2.2.1. New standards, amendments and interpretations to existing standards applied from 1 January 2022:

- **IFRS 16 (Amendment): COVID-19-Related Rent Concessions** (effective for annual periods beginning on or after 1 April 2021 and effective for the consolidated financial statements from 1 January 2022). The amendment extends the application period of the practical expedient in relation to rent concessions by one year to cover rental concessions that reduce leases due only on or before 30 June 2022. The adoption of this amendment has no impact on the Interim Financial Statements of the Fund.
- **IFRS 3 (Amendments): Reference to the Conceptual Framework** (effective for annual periods beginning on 1 January 2022). The amendments update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations. The adoption of these amendments has no impact on the Interim Financial Statements of the Fund.
- **IAS 16 (Amendments): Property, Plant and Equipment: Proceeds before Intended Use** (effective for annual periods beginning on 1 January 2022). The amendments prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in the Income Statement. The adoption of these amendments has no impact on the Interim Financial Statements of the Fund.
- **IAS 37 (Amendments): Onerous Contracts: Cost of Fulfilling a Contract** (effective for annual periods beginning on 1 January 2022). The amendments specify which costs a company includes when assessing whether a contract will be loss-making. The adoption of these amendments has no impact on the Interim Financial Statements of the Fund.
- **Annual Improvements to IFRS Standards 2018–2020 Cycle** (effective for annual periods beginning on or after 1 January 2022, as issued by the IASB). The amendments applicable to the Fund are:

IFRS 9 Financial Instruments: Fees in the ‘10 per cent’ test for derecognition of financial liabilities. The amendment clarifies which fees an entity includes when it applies the ‘10 per cent’ test in assessing whether to derecognize a financial liability. Only fees paid or received between the entity (the borrower) and the lender are included, including fees paid or received by either the entity or the lender on the other’s behalf. The adoption of this amendment has no impact on the Interim Financial Statements of the Fund.

IFRS 16: Lease Incentives. The amendment to Illustrative Example 13 accompanying IFRS 16 removes from the example the illustration of the reimbursement of leasehold improvements by the lessor, in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example. The adoption of this amendment has no impact on the Interim Financial Statements of the Fund.

The amendments to existing standards effective from 1 January 2022 have been endorsed by the EU.

2.2.2. New standards and amendments to existing standards effective after 2022

- **IFRS 17 Insurance Contracts** (effective for annual periods beginning on or after 1 January 2023). IFRS 17 was issued in May 2017, including amendments issued in June 2020 and supersedes IFRS 4. IFRS 17 establishes principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of this standard and its objective is to ensure that an entity provides relevant information that faithfully represents those contracts. The new standard solves the comparison problems created by IFRS 4 by requiring all insurance contracts to be accounted for in a consistent manner. Insurance obligations will be accounted for using current values instead of historical cost. The standard has not yet been endorsed by the EU.
- **IAS 1 (Amendment): Classification of liabilities as current or non-current** (effective for annual periods beginning on or after 1 January 2023). The amendment clarifies that liabilities are classified as either current or non-current depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date. The amendment Classification of liabilities as current or non-current was issued in January 2020 and was effective for annual reporting periods beginning on or after 1 January 2022. However, in response to the COVID-19 pandemic, the IASB has deferred the effective date by one year to provide companies with more time to implement any classification changes resulting from those amendments. Classification of Liabilities as Current or Non-current is now effective for annual reporting periods beginning on or after 1 January 2023.
- **IAS 1 and IFRS Practice Statement 2 (Amendments): Disclosure of Accounting Policies** (effective for annual reporting periods beginning on or after 1 January 2023). The amendments require that an entity discloses its material accounting policies, instead of its significant accounting policies. Further amendments explain how an entity can identify a material accounting policy. Examples of when an accounting policy is likely to be material are added. To support the amendment, the Board has also developed guidance and examples to explain and demonstrate the application of the 'Four-Step Materiality Process'.
- **IAS 8 (Amendment): Definition of Accounting Estimates** (effective for annual reporting periods beginning on or after 1 January 2023). The amendment replaces the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The amendments clarify that a change in accounting estimate that results from new information or new developments is not the correction of an error.
- **IAS 12 (Amendments): Deferred Tax related to Assets and Liabilities arising from a Single Transaction** (effective for annual reporting periods beginning on or after 1 January 2023). The amendments require companies to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. This will typically apply to transactions such as leases for the lessee and decommissioning obligations.
- **IFRS 17 (Amendment): Initial Application of IFRS 17 and IFRS 9 – Comparative Information** (effective for annual periods beginning on or after 1 January 2023) The amendment is a transition option relating to comparative information about financial assets presented on initial application of IFRS 17. The amendment is aimed at helping entities to avoid temporary accounting mismatches between financial assets and insurance contract liabilities, and therefore improve the usefulness of comparative information for the users of financial statements.
- **IFRS 16 (Amendment): Lease Liability in a Sale and Leaseback** (effective for annual periods beginning on or after 1 January 2024). The amendment clarifies how an entity accounts for a sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted. The requirements are applied retrospectively back to sale and leaseback transactions that were entered into after the date of initial application of IFRS 16.

The amendments to existing standards effective after 2022 have been endorsed by the EU, except for the amendments to IAS 1 Presentation of Financial Statements and IFRS 16 Leases which have not been endorsed by the EU.

None of these new standards, amendments and interpretations to existing standards effective after 2022 is expected to have a material impact on the Fund's Financial Statements.

23 Critical Judgments and Estimates

In preparing these interim financial statements, the significant estimates, judgments and assumptions made by the Management in applying the Fund's accounting policies and the key sources of estimation uncertainty were similar to those applied in the annual financial statements for the year ended 31 December 2021.

Note 3 | Segment Reporting

The Fund's operating segments are consistent with the management reporting system. Income and expenses are associated with each segment and are included in determining business segment performance. The Fund has no geographical segments as, according to its founding law, its operations are solely in Greece. The Fund has no intersegment/intragroup transactions as it does not consolidate any of its investments and each of its business segments is independent. The Fund operates through the following business segments:

Systemic Banks: This segment includes all the financial institutions which had received capital advances and were eventually recapitalized by the Fund in 2013 and 2015 as per capital requirements, i.e. Alpha Bank, Eurobank, NBG and Piraeus Bank. Following their corporate transformation, Alpha Services and Holdings S.A., Eurobank Ergasias Services and Holdings S.A. and Piraeus Financial Holdings S.A. substituted the banks respectively. Other participations such as Cairo Mezz Plc and Phoenix Vega Mezz Plc are also included in this segment. For more information see note 5.

Other Banks: This segment includes all other financial institutions in which the Fund participates as a result of the transfer to it of the common shares or cooperative shares in credit institutions, according to the last subparagraph of par. 6 of art. 27A of L.4172/2013.

Banks under Liquidation: This segment includes the banks which have been placed under liquidation and the Fund has provided for their funding gap on behalf of the HDIGF, in accordance with the Law 4051/2012 as amended by Law 4224/2013.

Other: This segment includes the Fund's results relating to internal operations and procedures which ensure the appropriate design and implementation of the Fund's policies and principles. It also includes the cash and balances with banks and the interest income derived from cash and balances with banks.

The “Balances with BoG” line relates to balances, which are compulsory deposited and maintained in a special interest account at BoG for the Fund’s day-to-day obligations.

According to the Law 4549/2018, the Fund is obliged to deposit any cash balances that are not necessary for covering the current cash needs in a cash management account in BoG.

The cash balance in the cash management account is at all times available to be utilized by the Fund in order to fulfil its purposes.

The cash in the cash management account is placed on repos, reverse repos, buy/sell back, sell/buy back with counterparty the Greek State in accordance with paragraph 11 (h) of the art. 15 of Law 2469/1997.

Note 5 | Financial Assets at Fair Value through Profit or Loss

Other participations	22,755	20,511
Total	1,666,455	1,936,991

Participation in systemic and other banks

The Fund had initially classified under this line the shares received from its participation in the share capital increases (SCI) of the four systemic banks that took place in 2013 and the share capital increases of NBG and Piraeus Bank that took place in December 2015. The Fund has designated these shares at initial recognition at fair value through profit or loss and subsequently the gains or losses are recognized in the statement of comprehensive income. In 2020 and early 2021, Eurobank, Piraeus Bank and Alpha Bank completed their corporate transformation (Hive Down), which resulted in the establishment of new banks (i.e. Eurobank S.A., Piraeus Bank S.A. and Alpha Bank S.A., respectively), that substituted to all assets and liabilities of the sector of banking activity of the demerged entities, Eurobank Ergasias Services and Holdings S.A., Piraeus Financial Holdings S.A. and Alpha Services and Holdings S.A. by application of law. Following those corporate transformations, the HFSF holds shares in Eurobank Ergasias Services and Holdings S.A. (hereinafter “Eurobank Holdings”), Piraeus Financial Holdings S.A. (hereinafter “Piraeus Holdings”) and Alpha Services and Holdings S.A. (hereinafter “Alpha Holdings”). Consequently, following the amendment of HFSF Law by Law 4783/2021 which allowed the Fund to participate in share capital increases of the credit institutions, the new shares acquired by the HFSF in the share capital increases of Piraeus Holdings and Alpha Holdings that took place in 2021 (for analysis see below) are also classified under this line.

Moreover, this line also includes the shares of Attica Bank, both the initial 16,533,102 transferred to HFSF from the Greek State according to the last subpar. of par. 6 of art. 27A of L.4172/2013 as well as the additional 753,826,957 acquired by the HFSF in the Bank’s share capital increase that took place in December 2021.

Share Capital Increase of Piraeus Financial Holdings S.A.

Following the amendment of HFSF Law by Law 4783/2021, which allowed the HFSF to participate in share capital increases (“SCI”) of the credit institutions, the Fund participated in the share capital increase of Piraeus Financial Holdings S.A., as announced and decided by the Bank’s BoD decision on the 16th of March 2021 and 16th of April 2021, respectively. The SCI took place via a Full Market Offering (“FMO”). The total funds raised through the Combined Offering amount to €1,380 million. The HFSF acquired 306,703,672 shares at €1.15 per share. Following the completion of the SCI, the participation of the Fund in the entity’s share capital amounts to 27%.

Share Capital Increase of Alpha Services and Holdings S.A.

The extraordinary General Meeting that was held on 15th June 2021 approved the Share Capital Increase of Alpha Holdings up to Euro 0.8 billion, as well as the abolition of the pre-emption rights of the existing Shareholders at that point of time. The total funds raised amount to € 800 million. The HFSF participated in the Share Capital Increase and acquired 41,964,132 shares at € 1.00 per share. Following the completion of the SCI on July 2nd, the participation of the Fund in the entity’s share capital amounts to 9%.

Shareholding in Attica Bank

Following in October 19th, 2021 conversion of 16,533,102 Warrants issued by Attica Bank S.A. held by the Greek State into 16,533,102 new ordinary registered shares with voting rights and a nominal value of €0.20 each in the share capital of Attica Bank S.A. and the transfer of such ordinary shares to the HFSF, in accordance with article 27A of Law 4172/2013 on Deferred Tax Credit (DTC), as amended and currently in force, the HFSF, as of October 20th, 2021 became a shareholder of Attica Bank S.A. holding 16,533,102 new ordinary shares with voting rights and a nominal value of €0.20 each, corresponding to 68.2% of the total ordinary shares and voting rights of Attica Bank S.A.

On December 7, 2021, the Hellenic Financial Stability Fund (“HFSF” or “Fund”), successfully completed its exclusive negotiations with the private investors TMEDE and Ellington Solutions S.A., who agreed to participate in the share capital increase of Attica Bank along with HFSF. In this context the Fund exercised part of its pre-emptive rights corresponding to 753,826,957 new shares and participated in the SCI for an amount €150,765,391.40, to allow Ellington to be allotted unsubscribed new shares. After the completion of the share capital increase, the HFSF participation in the Bank’s share capital amounts to 62.9% against its initial percentage of 68.2%. The cooperation with the private investors aims at the joint development of Attica Bank on the basis of a new business plan capable of creating value for the Fund’s investment.

CoCo Conversion

On 23 November 2020, Piraeus Bank announced that its Board of Directors, following a decision of the ECB Governing Council and considering the available options, decided to exercise its discretion under the relevant terms of the CoCo Issuance Programme to cancel the 2020 interest payment, in the amount of €165 million to the HFSF, due on 2 December 2020. This eventuality led to an increase of the HFSF's shareholding in the bank's share capital from the level of 26.42% to 61.34% following the mandatory conversion of the CoCo principal, in accordance with the instrument's terms agreed in 2015.

The difference between the CoCos fair value and the market value of the Conversion shares was recorded as a loss in line "Gain/(Loss) from financial instruments at fair value through profit or loss" of HFSF's statement of comprehensive income. Based on the bank's share price as of 4 January 2021 (€1.241), the value of the Conversion shares amounted to c. €490 million as of 04/01/2021. The loss from the CoCo Conversion was €1,382 million out of which the amount of €1,359 million was recorded as a loss for the year ended 31/12/2020 and the remaining €23 million as a loss for the year ended 31/12/2021.

Note 12 | Related Party Transactions

Related parties include the Fund's Management, close relatives to the Management, companies owned by the Management and credit institutions in which the Fund has substantial influence over the financial and operating policies.
